37 Cube semi-recessed 8W - 3000K - 30°

ДИЗАЙН:

Carlotta de Bevilacqua, Paola Di Arianello
2012

МАТЕРИАЛЫ:

Extruded Aluminium, Translucent polycarbonate

ОПИСАНИЕ:

37 Cube is a Led spotlight with extremely small dimensions (37x37x37mm) featuring a perfect balance between size and luminous flux: the device is visually out of the way, whilst all the attention is aimed at the lighting effects in the room. The body in extruded aluminium is completed by a translucent shell that receives the interchangeable lenses (2x7° / 2x9° / 2x14°) and provides a diffused lighting effect. The minimalistic volumes breathe light into a new quality, from both the architectural and technical lighting standpoint as well as in terms of sustainability and savings. Adjustable by 358° along the vertical axis and by 90° along the horizontal axis, they provide accurate and effective accent lighting with only 7 Watts of used power. The extremely compact size of 37 Cube allows it to be installed semi-recessed into the ceiling, and together with the Algoritmo product line, as it can be completely housed inside the modules. Materials: body in extruded aluminium, screen / lens holder in satin-finish polycarbonate. Complies with EN62471, EN60598 and other specific standards.

ХАРАКТЕРИСТИКИ

Наименование продукции: 37 Cube semi-recessed 8W - 3000K - 30°
Код: M028904
Цвет: Bright polished aluminium
Материал: Extruded Aluminium, Translucent polycarbonate
Серии: Architectural
место контракта: Гостеприимство, Гостиницы, Розничные магазины, Музеи & Выставки, Частные резиденции

РАЗМЕРЫ

Длина: cm 3.7
Ширина: cm 3.7
Высота: cm 7.9
Диаметр отверстия: cm 3
Угол наклона: 90
Вращение: 360
Форма отверстия: Круглая форма
Вес: kg 0.2
тест раскаленной проволокой: 650 °
